RICHMOND, VA. THURSDAY, JULY 3, 1902.

PRICE TWO CENTS.

NEW COMMITTEES ORGANIZE FOR WORK

Allen, Gordon, Wood and Gunst
Elected Chairmen.

ASK FOR BETTER STREETS

Major Allen Believes the City's
Whole System is Wrong.

MANY CITY OFFICIALS ELECTED

Why City Accountant McCarthy Was
Not Re-elected—Mr. Satterfield
Has Fulton on His Mind—No
New Business Is Taken Up.
Only Organization
Effected.

Four of the new Council committees—those on Streets, Finance, Light, and Relief of Poor—met last night and effected a working organization.

Messrs. Otway S. Allen, James R. Gordon, J. B. Wood, and Marx Gunst were elected as chairmen of the four committees in the order named. In the case of Major Allen and Mr. Gunst, this was a re-election. Mr. Gordon succeeds Mr. Caskie, and Mr. Wood Mr. Grimes.

No new business was taken up in these, the first meetings of the committees.

THE STREET COMMITTEE.
City Clerk August called the Committee on Streets together at 6:30 o'clock. Messrs. Adams, Allen, Bahen, Burton, Mann, and Whitte were present from the Board, and Messrs. Peters, West, Williams, Allen and Teeley from the Common Council. Messrs. Blanks, Minor and Phillips were absent.

Mr. Peters nominated Major Allen as chairman of the committee. Mr. Mann seconded the nomination. He was unanimously elected.

On assuming the chairman's seat, Major Allen thanked the committee, stating that he appreciated the honor conferred upon him for the fourth time. The committee he regarded as the most important one of the Council. Continuing, Major Allen gave a short account of the present state of the city's streets, and a statement of the city's shortcomings in the matter of street improvement. Although the area of the city had been more than once increased in the past thirty years, the annual appropriation for street making had been cut down.

A CRISIS REACHED.
Major Allen thought that matters had reached a crisis at this time, and that it would be impossible for the city to go on longer with the present system. More money for this purpose must be secured. Furthermore, the chairman was vigorous in his disapproval of the present system of dividing the appropriation among the wards, and also of the present system of street making. He thought it a serious and momentous question. Streets were now made with one sort of pavement and gutters on one side, and another kind of pavement and gutter on the other. On the next week there would be still another sort of pavement, and another road-bed. The whole was a patchwork without method or system. The macadamized streets and their excellence as dust makers received attention.

Major Allen said that the committee should formulate some definite and sensible scheme of street improvement. The mode of pavement, gutter and road-bed making to be used on each street should be definitely decided upon and followed out in systematic manner. The practice of tearing up streets in the center of the city after year should be discontinued, and the new outlying districts should receive more consideration and more dollars.

Major Allen's earnest exhortation for a better day for Richmond in the matter of street improvement was given the closest attention by the committee. There was no opportunity for action at the time, however. And while the line with the needs of the city, there is no reason to believe that Major Allen's excellent talk will bear abundant fruit in the near future as the old ward spirit, and jealousy will probably nip it in the bud. The movement for the adoption of Major Allen's view of the needs and the good of the whole city.

MR. PETERS SUB-CHAIRMAN.
After Major Allen had assumed the chairmanship Mr. Burton nominated Mr. Peters as sub-chairman. Mr. Mann nominated General Phillips, but his name was withdrawn. Mr. Whitte stated that General Phillips did not desire to be a candidate. Mr. Peters was elected unanimously, and thanked the committee in a few words.

Mr. Whitte moved that the committee meet on the 15th and 25th of each month, as heretofore, except when one of these dates falls on a Saturday or Sunday, when the meeting will be held on the following Monday. This was adopted.

The rules of the former committee were read. Mr. Adams moved that the rules be amended, so that the committee be composed of seven members, and that the committee be composed of seven members, and that the committee be composed of seven members.

The committee then adjourned.

Finance Committee.
A unique and interesting feature of the meeting of the Finance Committee, which was called to order at 7 o'clock last night by the City Clerk, was the escape of City Accountant Carlton McCarthy from a reelection only by the narrowest sort of a margin, and after an earnest personal protest on the part of that gentleman. Auditor Warren had been re-elected clerk of the committee, also Mr. R. A. Williams, clerk to the

Heard the Charges Against Bishop Talbot

(By Associated Press.)
HARRISBURG, PA., July 2.—The trial of the charges of conduct unbecoming a bishop, preferred against Bishop Talbot, of the Central Pennsylvania Diocese, Protestant Episcopal Church, by Rev. Dr. Ingram W. Irving, of Philadelphia, was conducted in executive session to-day by the Board of Inquiry, recently appointed by Bishop Dudley, of Kentucky. After hearing the testimony of Irving, whom the accused bishop unfrocked while serving as rector to St. John's Parish, Huntingdon, Pa., and other witnesses, the board adjourned without making public its verdict.

YOUNG LADY JUMPS IN SIXTY-FOOT WELL

Harry Anderson Saves Her Life
at Peril of His Own.

SUICIDE WAS HER PURPOSE

She Claimed She Made the Fearful
Leap Because Driven to Desperation by Treatment of Her Sister.
Latter Goes Into Hysterics.

(Special Dispatch to The Times.)
DURHAM, N. C., July 2.—While the clocks were tolling 10 Sunday night Miss Beulah Lamond, aged twenty, who lives with her sister, Mrs. Alice Link, jumped in a sixty-foot well and fell fifty feet to the water. Mrs. Link saw the act and her cries soon brought neighbors, policemen and a crowd of people, who, by lowering a lamp, saw the unfortunate woman on the water, clinging to a water pipe.

A BRAVE YOUNG FELLOW.
Some one in the crowd procured a small rope, when a young man, unknown to the bystanders, had the rope tied under his armpits and was rapidly lowered to the fast sinking woman. Taking the woman in his arms he signalled to be drawn up, which was slowly done by hand.

The crowd momentarily expected the rope would break and both fall to the bottom. Several times the lamp lowered and vent out, and the rope was stretching and creaking before he ended his perilous journey and landed his burden in the hands of those on the surface.

Miss Lamond had fainted and he was nearly exhausted, but immediately disappeared in the crowd.

MODEST WITHAL.
A reporter found the young man later, and when complimented on his conduct and asked his name his reply was: "It is all right. I only did my duty. My name—it is Harry Anderson."

Meanwhile Mrs. Link had gone into violent hysterics, and the four or five doctors present had their hands full with the two women.

The act of Miss Lamond is attributed to the treatment she is alleged to have received at the hands of her sister, Mrs. Link, who was Miss Alice Lamond, the wife of ex-Mayor Link, from whom she separated on the night of her marriage.

**PROMINENT PEOPLE
ACCUSED OF THEFT**
(By Associated Press.)
PHILADELPHIA, PA., July 2.—Mrs. Alice O'Malley, aged twenty-four, wife of Austin O'Malley, professor of English Literature at Notre Dame University, South Bend, Ind., and William Hearing, of New York, aged twenty, were arrested here to-day on the charge of stealing jewelry valued at about \$200, preferred by Mrs. O'Malley's brother-in-law, Dr. Joseph O'Malley, of this city. Both Mrs. O'Malley and Hearing are said to come of prominent New York families.

The accused woman having been a Miss Ellis before her marriage.

Professor O'Malley, the woman's husband, is in St. Agnes Hospital, this city, suffering from paralysis, caused, it is believed by ptomaine poisoning. The couple have been married only a few months. The husband was poisoned in South Bend, and as he did not improve, his brother had him removed to this city. His wife accompanying him here. She was a guest at the brother's house, and a few days ago articles of jewelry were missed. Suspicion fell upon her and her friend, Hearing. Pawn tickets were found upon Mrs. O'Malley.

At a hearing this evening, the accused were committed to jail in default of \$1,000 bail, for a further hearing on July 10th.

"BLUES" JOIN "OLD GUARD"
IN TRIP TO CALIFORNIA
Seven of the Oldest Military Organizations of America
Unite in Transcontinental Itinerary
Next May.

The Richmond Light Infantry Blues, at a largely attended meeting last night, decided to go to San Francisco next May. They will take a trip across the continent and will be away from the city twenty-two days.

The proposition to take this trip came from the Old Guard, of New York. Some time ago this ancient military organization, and perhaps the finest body of volunteer soldiery in America, conceived the scheme for several of the oldest and leading volunteer military organizations in the country to go across the continent together. Six other organizations were included, the Cleveland Grays, of Cleveland, Ohio; the Ancient and Honorable Artillery, of Boston; Governor's Foot Guard, of New Haven; Governor's Light Infantry, of Hartford; Providence Light Infantry Veterans, and the Richmond Light Infantry Blues. This was the only southern organization invited.

COURT-ROOM CROWDED

Four Men on Trial Charged With
Engaging in Riot.

WERE HELD UNDER BOND

Seven of Coal and Iron Police Were
Placed Under Arrest Charged
With Shooting an Italian,
Whose Dead Body Was
Found Outside of
Colliery.

(By Associated Press.)
WILKESBARRE, PA., July 2.—A number of justices of the peace in Luzerne county were kept busy to-day giving hearings to men charged with inciting and participating in riots at coal mines. Early this morning Deputy Sheriff Eckert brought four men from Freeland, charged with engaging in a riot at that place. The prisoners were taken before Magistrate Pollack for a hearing. The justice's court room was crowded to suffocation. Among the spectators was John Fallon, National Board member, who was present to see that the arrested men got fair play.

At strike headquarters it was claimed that the arrests were an outrage and that the men should have been given a hearing at their homes instead of being removed to Wilkesbarre.

The magistrate after hearing the evidence placed the defendants under \$500 bail for a hearing in court. Mr. Fallon furnished bail.

Seven of the Coal and Iron police on duty at the William A. Colliery have been placed under arrest charged with shooting an Italian, whose dead body was found outside the barbed wire of a passing boy. They were placed in \$1,000 bail to answer at court.

The first break in the ranks of the striking firemen occurred this evening, when three former employees of the Kingston Coal Company applied for work, and were given their old places. Three firemen who went out at the Pine Ridge mine of the Delaware and Hudson Company, at Miner's Mills, also asked that their old places be given to them, and the superintendent of the mine agreed to reinstate them.

WON'T RECOGNIZE UNION
Kanawha Coal Operators Adopt Resolutions to This Effect.
(By Associated Press.)
CHARLESTON, W. VA., July 2.—At a well-attended meeting of Kanawha coal operators held here to-day, at which suggestions of President Stevens, of the Chesapeake and Ohio Railroad, were discussed, resolutions were adopted as follows:

"We will not recognize the organization known as the United Mine Workers of America, believing as we do that recognition would work serious injury to the interests of the operators and miners of West Virginia."

"The recognition of the union being

**PAST YEAR REMARKABLE
IN RAILROAD HISTORY**
Only One Road in This Country Has Passed Into Hands of Receiver During the Year, and That Receivership Lasted Only Four Months.

(By Associated Press.)
CHICAGO, ILL., July 2.—The Railway Age to-morrow will say:
The year 1902 has, so far, been the most remarkable period in fifty years of railway history in respect to insolvencies and receiverships. Since January 1, only one railway, the New York and Pennsylvania, 55 miles long, has been placed in the hands of a receiver, and that one broke all previous records for

brevery of stay, the appointment having been made in February and the road having been sold under foreclosure and started for reorganization in May. The receivership then covered the short season of four months.

The Railway Age, therefore, for the first time in its history, cannot report a railway for which a receiver has been appointed and continued in the current six months. During the twenty-six and a half years in which the record has been kept, it has shown the appointment

of receivers for 638 roads, covering 114,400 miles of lines and representing stocks and bonds aggregating the vast sum of \$8,291,257,000.

In a single year, 1893, no less than 74 roads went into bankruptcy, with 29,349 miles, and \$1,819,000,000 of stocks and bonds. But that year of greatest financial calamity failures have rapidly decreased and reorganizations have gone at equal speed, so that to-day the era of railway receiverships may be said to be ended.

A Wife Disappears in Mysterious Way

(Special Dispatch to The Times.)
NEWPORT NEWS, VA., July 2.—Mrs. Maggie Mary Garrett, the 18-year old wife of G. V. Garrett, is missing. Mr. and Mrs. Garrett came here Sunday from Richmond, the husband having secured a position in the shipyard. They were married about six months ago in Norfolk and a month later they went to Richmond, where Garrett secured a position at Triggs shipyard. They decided to return to Newport News to make their home, both having resided here before.

On arriving in the city, Mr. and Mrs. Garrett went to the home of an aunt. Monday they made arrangements to board at a house nearer the shipyard. On the way to their new home, Mrs. Garrett informed her husband that she had forgotten something and she went back to get the article, the husband deciding to wait her return. She never returned. The husband went to the relatives' home the next morning and was informed that his wife had taken her departure and that her whereabouts were not known.

Garrett is at a loss to account for her strange disappearance as he says. This afternoon he requested the police to apprehend his wife, Mrs. Garrett, who was an attractive young woman about 18 years old, rather plump, stand about 5 feet 2 inches, has dark hair and gray eyes. She was dressed in a black and white striped dress when her husband last saw her.

EXPRESS AGENTS TO RESUME WORK TODAY

One of the Most Remarkable
Strikes Known Here Settled
Yesterday Afternoon.

The strike of the express agents along the line of the Chesapeake and Ohio Railway, which was inaugurated on March 29th last, was settled yesterday in this city and the agents will resume work for the express company to-day.

The settlement is a victory for the strikers, as practically their whole demand was granted.

The complaint of the men who went on strike was that they were paid no more for billing goods to San Francisco than to Cincinnati, although the company received much more. They demanded that they be paid a straight 10 per cent. commission from the point of shipment to the point of destination or to the point where the freight passed out of the hands of the Adams Express Company, and it is the making of this concession that will result in the agents going back to work along the lines of the C. & O. to-day.

Prior to the strike the company only paid these agents on goods shipped and received over the territory in a certain district, in their case Cincinnati being the terminus westward and New York eastward.

The strike has been one of the most remarkable on record, from the fact that while it has been conducted with the best of feeling on both sides, not one of the men who went out on the 29th day of last March has deserted the ranks of the strikers and returned to work. The fact that the strike has been settled will be learned with great satisfaction by the public, for it has been the cause of no little inconvenience to merchants and others who have been accustomed to ship express to those offices which were affected by the strike and have consequently been closed for a period approaching three months.

CONCERT AND BALL OF THE GOLDEN JUBILEE

Evening of Music and Dancing
with Gesangverein.

CELEBRATION AT HEIGHT

Garden Party and Ball Follow
the Musicales.

PRESENT FROM AUXILIARY

Gift of the Ladies Accepted by President Rosenegk—Telegrams of Congratulation from Societies in Other Cities—Distinguished Guests in Attendance. Banquet To-Night.

The feature of the golden jubilee celebration anniversary of the Gesangverein-Virginia on yesterday was the grand concert—the musical event of the festivities—given last at Sanger Hall under the direction of Professor Jacob Reinhardt, followed by a grand ball continuing into the morning hours.

The great hall was crowded with the German-Americans of Richmond, who are entering into the celebration of the occasion with carnival spirit and making the event one to be long remembered.

A SILENDIOUS CONCERT.
The concert was one of the most splendid ever given in Richmond. The chorus work of the Gesangverein-Virginia was excellent, while the appearance of Miss Louise Reinhardt, the violin soloist, for the first time since her return from New York, where she has studied for the past year, added greatly to the excellence of the concert.

Reinhardt was greeted with rounds of applause, and was compelled to respond to frequent encores. Her execution of the "Fantasie Capriccio" by Vieuxtemps, was superb.

The programme opened with the overture "Piaf," by Leutner, by full orchestra. This was followed by the chorus, "Hymnus," by Mohr, by the Gesangverein.

When this chorus had been concluded President A. von N. Rosenegk delivered in German the address of welcome to the distinguished guests of the occasion.

BEAUTIFUL DESIGN PRESENTED.
Following his address a number of ladies, led by Mrs. A. von N. Rosenegk, representing the Ladies' Auxiliary of the Gesangverein, made their way to the front of the stage, and there stood surrounded by the chorus, while Mrs. Rosenegk, speaking in German, presented as a testimonial commemorating the occasion a beautiful design to the Gesangverein-Virginia. This was accepted by Mr. Rosenegk in a graceful tribute to the ladies of the association.

The design, handsomely framed and executed by Mr. Max F. Linder, was unveiled before the audience. The text of the tribute is as follows:
"Gewinnst den Gesangverein Virginia zum Goldenen Jubiläum von seinen Damen."
This text is engraved on a background with a large ornamental and ornate, in highly embellished and ornate, Antique-German-Gothic and old English church text, in shades of black and gold. It is surrounded with

(Continued on Third Page.)

Striking Carpenters Score Signal Victory

(By Associated Press.)
NORFOLK, VA., July 2.—The striking carpenters scored a signal victory over the master builders to-day. Twenty-nine non-union men placed at work. Their transportation had been paid for by their employers, as well as a week's board for each man. The strikers induced them to join their ranks and later sent them to their homes.

Six of the master builders have withdrawn from the Builders' Exchange. The carpenters accept this as an evidence that the strike is nearing a close.

TO FOSTER SPORTS ALL OVER THE STATE

Boat Club and Wide-Awake Citizens Are Pushing the Matter.

A GREAT FIELD DAY HERE

All the Boat Clubs and Colleges Will Send Representatives—Mr. Hill and Mr. McGuire Selected to Effect the Organization.

The Virginia Athletic Association is to be organized. The Richmond Boat Club has taken the matter in hand and two such public-spirited and wide-awake men as Mr. M. M. McGuire and Mr. J. L. Hill have undertaken it.

The object of the Association will be to foster athletic sports in the State, and to that end have a State field day in Richmond every year about the time all the colleges and universities close; that is, about June 20th.

The scheme will be to combine the regatta with the athletic contests. The aim of the two gentlemen and the organization, which is giving them its support, is to work up great interest in this matter as soon as possible, and then form the Association, which will probably be a chartered institution. The preliminary work has been divided between Messrs. Hill and McGuire.

ORGANIZE BOAT CLUBS.
Mr. Hill, who is and has for the last dozen years or more been a leading spirit in the State regatta, will push and direct and inspire the organization of boat clubs.

He stated to a Times writer yesterday afternoon that he wished the following places at least to have boat clubs in the Association: Richmond, Petersburg, Norfolk, Lynchburg, Fredericksburg, Alexandria, Washington and Lee University, Virginia Military Institute and the University of Virginia. Even if as many clubs as these are organized and have the regatta here the people will see sport that is worthy of the name and worth going to see.

GET COLLEGES INTERESTED.
It will be Mr. McGuire's part to get the various educational institutions of the State interested and to become members of the Association. He will write to all the colleges and universities and inform them of the plan and object of the Association and get them to act. Almost all the institutions of the State set apart one day in the spring as "field day," when athletic sports are indulged in.

The students contest at running, high and long jumping, putting the shot, running races, hurdle races, tennis and other sports. Now, of course, each institution which is a member of the State Association will send its best men and prize winners to represent it at the State field day to be held here. The institution that was the winner in the intercollegiate or State contest would be given the championship, and probably a handsome cup or other trophy would be provided.

GRAND STATE FIELD DAY.
The Henric Club grounds could be secured and the field contests take place there in the morning, say until 2 P. M. The regatta would occur in the afternoon late. The Association would have higher ambitions than this also, for the contests here would occur in time for the winner of the boat races to appear on the Fourth of July in the Philadelphia regatta.

Mr. Hill and Mr. McGuire and the Richmond Club are going to do all in their power to push this movement to a successful consummation, and desire the aid and encouragement of the people in the development of friendly rivalry in many sports and achievements.

Fruit Dispatch Company, of New York, has established a direct line of steamships to ply weekly between Charleston and Costa Rica and other Central American countries. The steamer "Taunton" will arrive here with the first cargo of fruit from Costa Rica on July 10th. There will be full accommodations for passengers, the local Board of Health having provided for the landing of passengers here under certain restrictions.

FLYER WRECKED
Twenty-five Persons Injured, Five of Them Seriously.
(By Associated Press.)
BENNINGTON, VT., July 2.—The Troy (N. Y.) Montreal express, due at 8:20 A. M., was derailed at a swift about a mile from here. Twenty-five persons were injured, five seriously and one probably fatally.

Line of Fruit Steamers.

RANGE OF THERMOMETER.
The thermometer ranged yesterday as follows at The Times office: 9 A. M., 77; 12 M., 80; 3 P. M., 84; 6 P. M., 83; 9 P. M., 77; 12 midnight, 74; average, 78.

MADE LOVE, WITH WIFE YET UNBURIED

Funeral Delayed and Husband
Was Tarded and Feathered.

DEAD WOMAN'S SISTER

She Was Also Given a Coating
of Tar and Eathers.

THEN FUNERAL PROCEEDED

Sorrowing Neighbors, Gathered to Attend Last Obsequies Over Mrs. J. Seibert, Discovered Husband in Another Room Making Love to His Dead Wife's Sister—Were Indignant.

(By Associated Press.)
STERLING, ILL., July 2.—The funeral of Mrs. J. Seibert, of Mount Morris, near here, was delayed to-day until the mourners could adjourn to a cornfield and administer a coat of tar and feathers to the husband and sister of the dead woman.

Then the funeral proceeded, but the two who were to have been chief mourners were absent. The house was filled with sorrowing when neighbors discovered Seibert in another room hugging and kissing Mrs. Theodore Wolfe. The crowd quickly dragged the couple to a cornfield. A plentiful supply of tar was poured over the victims and the feathers from a pillow were emptied on each; then they were driven from the village and ordered never to return.

Mrs. Seibert died of consumption, and during the last two years of her sickness it is alleged that her husband was continually making love to his wife's sister.

ROANOKE CATHOLIC HOSPITAL.
After Confering With City Physicians Bishop Van de Viver Decides Question.
(Special Dispatch to The Times.)

ROANOKE, VA., July 2.—Bishop Van de Viver came to Roanoke to-day, and the physicians of the city were invited to meet him. He asked them how they would like to have another hospital, which would be located on the grounds of the Catholic Orphanage, and under the management of the Sisters of Charity. The physicians approved the plan, and the Bishop announced that the hospital would be built.

It is not stated, but it is understood that a Bishop will put up the money for the hospital. It will be recalled that the Romans had decided to purchase the present hospital some months ago, when the Protestant ministers opposed the plan, and they refused to make the purchase.
